Subject: RE: Revised CASE ISS Interconnection Security Agreement

Thanks Marta. I just want to follow-up with you and Kate on the IAD/placeholder issue. It's my understanding that they are "placeholders" when there aren't enough MC expedited hearing slots at that location. The courts are sweeping every hour for these cases and then scheduling them for hearings. This code does not correspond to the Adelanto, CA hearing location. Is this summary correct? We have seen this issue in at least 3 of our offices (Chicago, LA and Houston).

See the attached CASE worksheet for the IAD placeholder cases. You can see why this is confusing to our staff. Also, our Chicago Asylum Office Director, Ken Madsen, put in a ticket to your helpdesk yesterday about these issues and has not received a response from EOIR. He was eventually able to talk to Marissa at CHI and she was helpful.

The outstanding related questions USCIS Asylum had from our call yesterday were:

1. Did OIT/Kate find and review the tickets submitted on this issue from the Chicago Asylum Office and respond to them?
2. When we get the "IAD HLOC - ADL" date/time/location what do we put on the NTA we are serving on the alien and filing with the court?
3. Is the returned date/time a "real" date/time that CHI will be scheduling the hearing for and that we should put on the NTA?

Re: detained dockets, can you confirm that the scheduling of detained cases for master calendar hearings is not currently available to users? When will it be available? July 16? Some of our users have noticed that they can select detained courts for the hearing location however the custody field shows "Never Detained." This is confusing.

Any clarification you can provide is much appreciated.

Thanks,
Beth

Thanks Marta.

I'm probably not the right POC for this review, but will determine who in USCIS is.

Thanks!
